**Re: Peter A. Jackavone, Jr. v. Global Photonix, LLC, C.A. No. PC-2019-9318**

To Whom It May Concern:

I am the Court-appointed Receiver of Global Photonix, LLC ("Global Photonix"). The Receivership Estate is seeking bids for the assets of Global Photonix through the Court-supervised Receivership proceeding. The sale of the assets through the Receivership proceeding provides for a sale free and clear of all liens, claims and encumbrances.

Global Photonix's assets include eight (8) GP-LA1 ultra-thin portable all-in-one LED displays (the "LED Posters") and one (1) custom LED display measuring approximately 8.39 x 10.49 feet (the "Custom LED Screen"). Each of the eight (8) LED Posters measures 1944 x 576 millimeters (76.53 x 22.67 inches) and features an amazing 2.5-millimeter display. The LED Posters are designed for indoor use and feature a variety of mounting options, including supporter standing, pedestal standing, wall mounted, and hanging installation. Further, each LED Poster is also equipped with an individual traveling case and there are two (2) hard cover travel and/or storage containers designed to transport and store the LED Posters.

The Custom LED Screen is designed for outdoor use and features a full color density. Further, the Custom LED is video capable, has one hundred and sixty (160) viewing angles and has a pixel pitch measured at 10mm.

Comprehensive bid package materials, including specification worksheets for the assets, are available at [www.frlawri.com](http://www.frlawri.com), or can be e-mailed or mailed upon request.

The assets may be bid on in their entirety or a party may bid on individual assets. The Receiver will review bids in order to present a bid and/or bids to the Superior Court for ultimate approval as being in the best interest of the Receivership Estate.

Please contact our office at your earliest convenience, so that we may further discuss any interest that you have in the assets.

Thank you.

Sincerely,

JOHN A. DORSEY
