RI DEM Facility I.D. #19002

Dear Mr. Calenda:

The Office of Waste Management has reviewed a Closure Assessment Report for the above-referenced facility, prepared by FJA Environmental Associates, and dated January 10, 2002.

Based on the representations made by the consultant in the report and our inspector's observations at the time of removal, no further action is presently required by this Office. However, the D.E.M. reserves the right to order future corrective measures should any significant contamination in groundwater or soil become apparent.

Enclosed for your records is a Certificate of Closure for the closed underground storage tank(s).

Sincerely,

Bruce T. Catterall  
Supervising Sanitary Engineer
